

February 9, 2016

Dear Colleague,

The *Economics School of Louvain* (ESL) of UCL is pleased to contact you to advertise our *Master in Economics* programmes.

These programmes result from reinforced collaborations between the two partner institutions (UCL and University of Namur) and built on an already well-established international reputation.

We offer both one-year and two-year study programmes, depending on the student's objectives and academic experience. The variety of our offer will suit both the students who want a solid training in economics to enter the labour market as well as the students who want to continue for a PhD and look for advanced methodological training.

The ESL offers an attractive and stimulating academic and cultural environment.

Please find enclosed a poster presenting our Masters in Economics. We would be very grateful if you could circulate the information among interested students. Further information is available on our website <http://www.uclouvain.be/econ.html>

Any query can be addressed to:

Marie Gilot

phone: +32.10.47.39.53
